Teaching on undergraduate courses is usually split into modules lasting either for the whole academic year or for one semester (half a year). The academic year normally starts in September and finishes in June. Each year includes three-week vacations at Christmas and Easter. The confirmed dates are published on our website at westminster.ac.uk/university-calendar

You will be notified of any changes to term dates in the pre-enrolment information. Information correct at the time of printing. For up-to-date information please check website.

WELCOME FROM THE VICE-CHANCELLOR

Here at the University of Westminster we have been offering practical education from the heart of London for 180 years. We have a pioneering history which fuels our mission to help students from different backgrounds fulfil their potential.

As a Westminster student you will join our wonderfully diverse and international student community and will work in partnership with our academic colleagues throughout your learning journey, experiencing the excitement of new ideas, shared perspectives, work experience and travel opportunities, gaining the skills you need to excel in your future. You will also learn a great deal about your own passions and strengths and how to develop them further to improve your confidence and individuality.

At Westminster, we are leaders in teaching, research and engagement with industry. With over 180 industry partners, these connections and expertise will support you to become a work-ready graduate. The opportunities afforded you in addition to your academic curriculum will allow you to explore your personal skills and interests, creating the experiences that make university life fulfilling and memorable while enhancing your employability.

The courses we offer are dynamic and continually evolving, incorporating cutting-edge research, technological advancements and industry needs, ensuring that we provide you with the most relevant tools and knowledge required for your future career.

Our promise to all our students is that we will help you to develop your confidence, resilience and individuality, so that you are able to make the very most of your learning at Westminster and go on to find fulfilling work and richly contribute to society.

We look forward to welcoming you.

Dr Peter Bonfield OBE, FREng, FIET
Vice-Chancellor

WELCOME FROM THE STUDENTS' UNION

Hello and welcome from the University of Westminster Students' Union, better known as UWSU! We are an independent charity organisation that sits within the University of Westminster, and our aim is to represent, empower and support the students of Westminster - YOU.

Starting University can be daunting for some people; the thought of leaving home and getting into a completely new environment is sometimes overwhelming - but it doesn't have to be. At UWSU, we offer plenty of opportunities for students to get involved with sports, join societies or student media, and if you can't find anything that interests you, then you can start your own student group and expand our Westminster community!

If you're looking for employment opportunities, or maybe just to make some pocket money, we offer part-time student jobs at our bars and shops across campuses, roles in our events promo team, or as a voluntary Course Representative amongst other opportunities. We understand that university comes first, so we ensure that our roles are flexible and work around your studies.

There's a lot more to us than can be said in a small blurb - so be sure to check out our website at uwsu.com to see what we're up to, or even follow us on social media for updates @WestminsterSU. You can also email us with queries at su-info@westminster.ac.uk

We hope you have the best time at University of Westminster, and can't wait to share what we have planned for years to come!

LIVE AND STUDY IN THE BEST CITY IN THE WORLD

CULTURE

Choose to live and study in the best city in the world (that's the 2020 QS World University rankings talking, not just us). Westminster is a global university located right in the heart of the capital. Few cities can compete with London for its vibrant culture, limitless opportunities and world-renowned entertainment.

HISTORY AND FUTURE

London has an enthralling history - it's home to the world famous theatre, Shakespeare's Globe, the Magna Carta and four UNESCO World Heritage Sites. Walk the streets, soak up the history, create the future.

Check out *The Student Room* article, eleven best places to go out in London on a budget.

DIVERSITY

Feed your senses, smell and taste food from different cultures, listen to and learn other languages (more than 300 are spoken in London) and broaden your horizons. There's a whole world in just one city, your time living here will make you more knowledgeable, adaptable and worldly.

SOMETHING FOR EVERYONE

With over 800 cinema screens and art galleries, 200 theatres and 170 museums there's always something to do and see... and that's without even mentioning London's comedy clubs, shops, 17,000 live music performances every year and world-leading gyms. Oh, and if you want a break from the hustle and bustle, enjoy London's 66-square miles of green space – that's three times the size of Manhattan.

PROFESSIONAL PARADISE

London is the financial capital of the world. Live here and network with future employers. You can find work placements and internships that leave you with a phenomenal university experience and set you up for the future too.

Whatever your background, study in one of the most forward-thinking cities and thrive at a university that puts you and your career first by making London your home.

WHILE YOU'RE NOT STUDYING

AN INCREDIBLE CITY TO EXPLORE

However long you study with us, you'll never run out of things to do in London. Bustling streets filled with shops, museums, walking tours, live music and flashing lights – the city is electrifying. Here are just some of the things you can do in your time at Westminster.

Go and see some of the eight million objects on display at the British Museum that span more than two million years of human history (you'll be glad it's on your doorstep because you'll want to go more than once). And that's just one of hundreds of world-class museums.

Enjoy retail therapy. With some of the world's most famous shopping streets within walking distance from our central campuses (or a short tube ride from Harrow), London is a shopper's dream. The only problem will be choosing where to go. Will it be Oxford Street, Stratford, Convent Garden, Spitalfields or somewhere else?

Sports and fitness fanatics rejoice. Whether you want to go and watch live sport at the Emirates arena, the Olympic park or Twickenham stadium, it's all just a short hop away. Or earn your own endorphins by kayaking on the Thames, dancing at Pineapple studios, swimming in the Olympic pool at London Aquatic centre or going to disco yoga. If you're more outdoorsy, head to one of London's green spaces (and there's a lot of them), Hampstead Heath, Primrose Hill, Hyde park and so many more.

Go and watch some of the world's best theatre shows in London's West End, or experimental drama and dance in one of the 200 theatres scattered throughout the metropolis. Alternatively, roam the streets on a Jack the Ripper or Harry Potter walking tour.

We've barely touched the surface of incredible things to do and see in London... An entire world at your fingertips, or rather, on your doorstep.

HELLO JOB

CAREER GOALS

You're reading this because you want a degree, not just the piece of paper it's written on.

At Westminster, we promote real-world experience that will get you the skills, connections and knowledge to forge the career you want by preparing you for the future, not just exams.

Westminster is a place for firsts. It was Britain's first polytechnic in 1838 and now over 19,000 students from 169 countries study here. That's because we thrive on delivering transformational education to people from all backgrounds.

We know that degrees are a significant investment for you and we're determined to make sure that you reap the rewards by putting an emphasis on real world experience, where you can build connections and finish your degree with a job.

We provide you with a personal tutor who will get to know you as an individual and support you throughout your degree. While our careers and employability service work with an ever growing network of more than 7,500 recruiters and organisations. They can help you figure out what type of career would suit you and navigate the waters of the working world. Whatever your ambition, there's no better place than Westminster to get on the career ladder.

YOUR OPPORTUNITIES

- Gain professional skills with our network of recruiters and organisations
- Volunteer locally and globally in one of our cooperative international partnerships in over 40 countries
- Connect with professionals and get mentored by those in the know
- Attend our skills development workshops
- Explore our international opportunities and expand your personal and academic horizons by taking part in one of 80 exchange partnerships across 25 countries
- Learn a foreign language while you study through our Polylang programme
- Gain invaluable experience through placement opportunities

LONDON: BUSINESS AND GLOBAL GIANT

THE MELTING POT WHERE BUSINESS MAGIC HAPPENS

There are around 1.1 million businesses in London from leading national and multinational companies to the thousands of start-ups that pioneer global technology – think Deliveroo and Monzo to name a few. As the financial capital of the world, London is powerful; it influences the global economy, population and culture.

It's a hub of trade and investment and it's the most connected city in Europe, which is why so

many businesses call it home. Combine that with it being the political capital, and you have the melting pot where business magic happens.

The limitless opportunities make it the best place to meet potential employers and gain valuable experience that will kick-start your career. All so you hear those magic words, 'You're hired' at the end of your degree. Have purpose, make Westminster your path to get there.

HOW WESTMINSTER HELPS YOU GET THE JOB YOU WANT

ANOTHER STRING TO YOUR BOW

WESTMINSTER EMPLOYABILITY AWARD

Employers want graduates with more than a degree. Boost your CV with the Westminster Employability Award, which formally recognises extra-curricular activities such as a part-time job or internship.

More information is available at:
westminster.ac.uk/employability-award

We provide other opportunities through:

STUDENT AMBASSADOR SCHEME

Earn money while gaining leadership and communication skills by advising students about courses, societies and sports

ENGAGE SERVICE

Provides crucial information to help you with your career including job listings, career fairs, networking events and example CV's.

**I have seen myself evolve
from being a shy and
introverted individual
into a more confident
and responsible person**

**Rujeko Mada
Psychology BSc Honours,
Student Ambassador**

**LEARN A NEW LANGUAGE
BROADEN YOUR SKILLS**

Polylang is the University of Westminster's language programme. Learning a new (or getting better at an old) language will make you more employable, teach you about other cultures and enhance your general communication skills... and you can do it as part of or alongside your degree.

More than one thousand students choose to take part in the programme every year. We offer tuition in the following languages:

- Arabic
- Chinese
- French
- German
- Italian
- Japanese
- Russian
- Spanish

As an undergraduate student, studying a Polylang module might even count towards your degree. If your course structure doesn't allow you to choose Polylang, you may still be able to take a language module for an additional fee.

For more information, go to:
westminster.ac.uk/polylang

MODEL YOUR DEGREE

NOT EVERY DESTINATION IS REACHED VIA THE SAME JOURNEY

There are many different ways to get a degree. At Westminster we welcome applications from all candidates, whether you've recently completed A-Levels/BTEC or if you don't have any formal qualifications at all – as long as you can prove relevant professional knowledge and skills, you may still be able to apply for our courses. Once you do, you can shape your degree to suit you, with part time study or the option to add a sandwich year. Make it yours.

RECENT A LEVELS/BTEC

If you have recently completed or are in the process of completing your A Level/BTEC studies apply for your place via UCAS.

PREVIOUS STUDY

If you've already studied part of a degree course elsewhere or have relevant work experience, you may be able to join a degree course part-way through (we call this advanced entry). This includes anything from a Foundation Certificate, CertHE, DipHE all the way to a Masters degree. If you'd like to request entry part-way through a course, make sure you state this clearly on your UCAS application form.

westminster.ac.uk/prior-learning

PREVIOUS WORK EXPERIENCE

You may be able to earn credits towards courses if you have previous experience which is not formally attested through any educational or professional certificate. It is important to note that it is the learning derived from the experience that is accredited, rather than the experience itself.

westminster.ac.uk/prior-learning

FOUNDATION COURSES

We offer Foundation courses as an alternative route onto some of our undergraduate courses. They are a way to gain a full honours degree if you do not meet the entry requirements or are returning to education after a break. They're offered as an integrated year of study and prepare you for learning at undergraduate level. After successful completion of the foundation year, often referred to as year 0, you will progress onto year 1 of your full degree course.

westminster.ac.uk/foundation

DEGREE APPRENTICESHIPS

Degree Apprenticeships are a new qualification that brings together the best of higher education and real world experience. You'll split your time between university study and the workplace, gaining a full Bachelors degree from the University of Westminster and a relevant professional registration while earning a salary, and getting on-the-job experience in your chosen profession.

westminster.ac.uk/apprenticeships

GET MORE EXPERIENCE

We put an emphasis on real-world experience, which is why many of our courses offer a sandwich year. Courses are then four-years long with the opportunity to work in industry for one year.

STUDY FLEXIBLY

Many of our students are able to study part-time, either by taking degrees, short courses or working to gain professional accreditation. Achieving a degree part-time usually takes up to four years (typically attending classes two evenings plus six to 12 hours of personal study each week during term time). Apply directly to the University via our website for a part-time course.

FURTHER STUDY

Many of our undergraduate courses offer a clear progression onto a Masters programme with us after completion. Go to our website to find out more about what we can offer.

Welcome to Westminster.

INTERNATIONAL EXPERIENCE

EXPLORE THE WORLD WHILE GETTING YOUR DEGREE

See the world, take in a new culture and hone in on your language skills by taking part in one of our exchange programmes. We have more than 80 exchange partnerships across 25 countries that will enable you to expand your horizons and live somewhere you've never been before.

GLOBAL EXPERIENCE

International experience options range from short international summer school opportunities and internships to full-year international work placements that provide credit to your degree. You can even volunteer overseas to help the environment or local community. Westminster offers a truly global education.

Independent research shows that students from all backgrounds who engage in overseas mobility during their studies are more likely to achieve a higher degree classification and be in a better job with a higher starting salary than those who don't go abroad.

For more information visit:
westminster.ac.uk/westminster-abroad

STUDY ABROAD

Depending on your course, you might be able to study abroad at a partner institution for either a semester or a year. We have international exchange agreements with a host of worldwide universities, in countries such as the USA, China, Canada, France, Spain and Australia.

LONDON IS OUR CAMPUS

Westminster is a global university located in the heart of London with vibrant campuses that inspire learning, while meeting your practical needs.

Our courses are taught across four London campuses – three in central London – all within walking distance of each other and a fourth in Harrow, north-west London, which is just a 20-minute tube ride away.

CAVENDISH CAMPUS

- A 5-minute walk from Oxford Street and Tottenham Court Road
- Subjects taught at the campus include Biomedical Sciences, Computer Science and Software Engineering, and Psychology

HARROW CAMPUS

- Based in north-west London, just 20 – 30 minutes away from central London by tube
- Subjects taught at the campus include Art and Design, Fashion, Film, Journalism, Music, Photography and Digital Media

REGENT CAMPUS

Our Regent Campus comprises three sites in central London, all within a few minutes' walk of Oxford Street:

- 309 Regent Street – subjects taught at this site include English, Languages, and History
- Little Titchfield Street – our Law courses are taught here
- Wells Street – Criminology, Sociology, and Politics and International Relations are taught here

Our historic **Regent Street Cinema** – the birthplace of British cinema in 1896 – is located right next to our University headquarters at 309 Regent Street. Screenings include everything from film classics and blockbusters to arthouse and international films. And Westminster students get an exclusive 40% discount on regular tickets.

MARYLEBONE CAMPUS

- Within walking distance of both Regent's Park and Marylebone High Street
- Subjects taught at the campus include Architecture, Accounting, Finance and Economics, Business and Management, Property and Construction, and Tourism.

OUR FACILITIES

The University of Westminster is an exceptional place to study and learn. It's where history and innovation collide in the world's best city for students. We are continually investing and developing our facilities - over £65 million has been invested across the university's campuses in recent years to ensure that our technology is cutting edge and you get the best from your time here. Facilities and learning spaces include:

1. Libraries are equipped with an extensive collection of books, journals, DVDs and other specialist materials. You can choose from hundreds of study spaces and borrow a MacBook for 24 hours from our self-service facility
2. Purpose built art, design, photography, multi-camera film and TV studios
3. 13 world-class audio recording studios
4. Our digital Fabrication Laboratory offers a range of 3D printers and laser cutters and we have invested in virtual reality kit too
5. State-of-the-art scientific laboratories. The psychology department was revamped including £2.2 million award-winning laboratory spaces
6. Dedicated Architecture studios equipped with state of the art facilities and the latest equipment and software after a £5.2 million refurbishment
7. We are also one of the few universities in the UK to offer access to Bloomberg Financial Markets Suites
8. Our Regent Street gym is equipped with all the machines and weights you could wish for and you can take part in classes such as Zumba, Pilates, TRX and Boxfit.

STUDENT ACCOMMODATION

HOME SWEET HOME

Living away from home for the first time can be daunting but living with other students, close to university will help you feel right at home. Common rooms and shared kitchens make living in halls a sociable experience that's about more than having a place to rest your head at night.

You can apply for a place at one of our two halls of residence – iQ Raffles House and Harrow Hall.

iQ RAFFLES HOUSE

Our flagship accommodation is located five minutes' walk from Wembley Park Tube station, which is just two stops from our Marylebone Campus, and three or four from our Cavendish and Regent campuses. The site boasts almost 500 en suite rooms, along with the hustle and bustle of Wembley Stadium and Wembley Arena.

You can check out our accommodation with our cutting-edge virtual reality at our Open Days or on our website. westminster.ac.uk/open-days

HARROW HALL

For students who are predominantly based at our Harrow Campus – the complex consists of self-contained units arranged in small, purpose-built, low-rise blocks, all surrounded by clean air and green lawns.

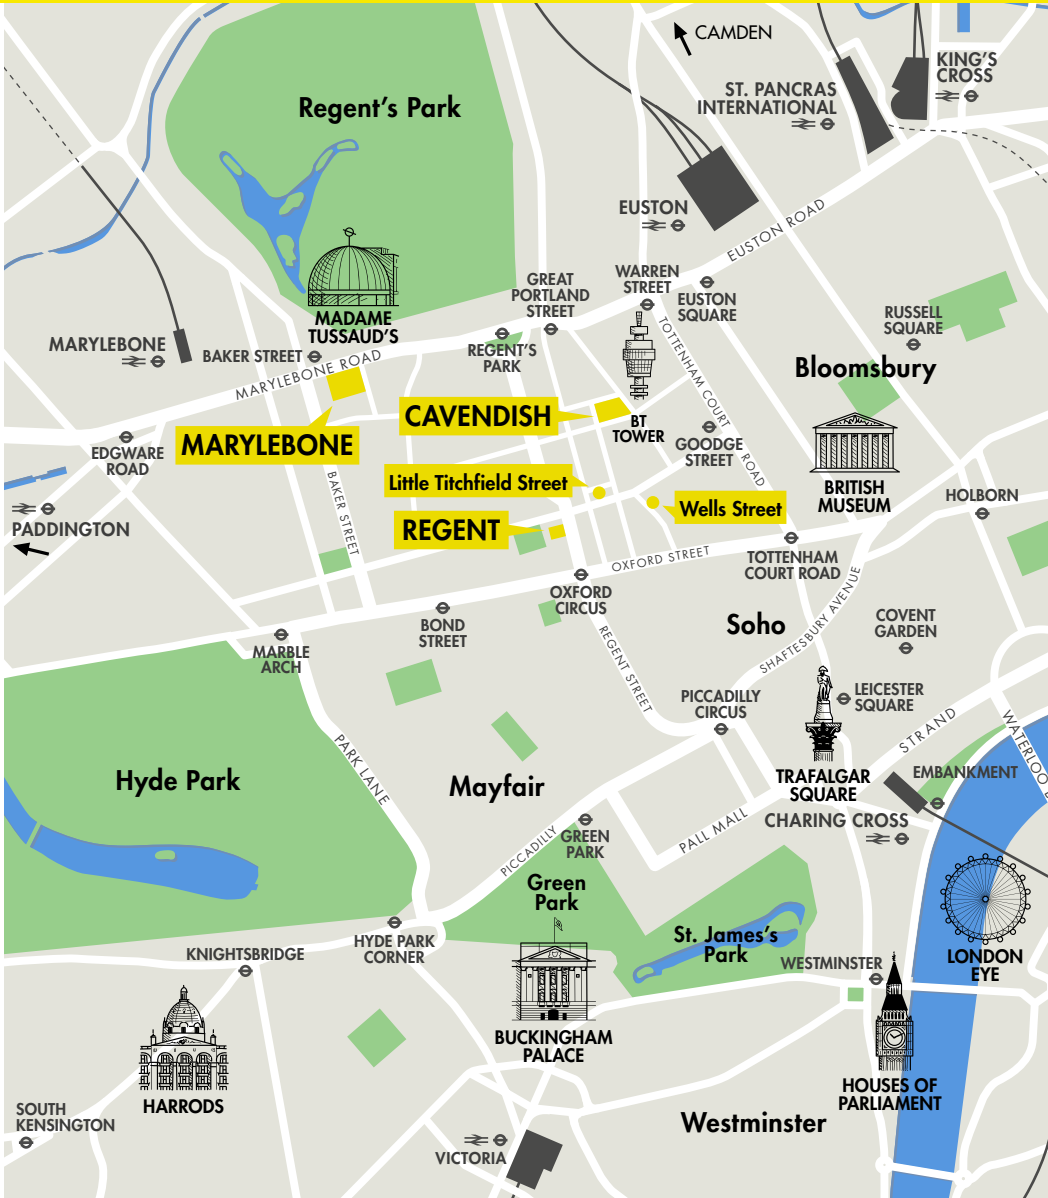

ALTERNATIVES

Westminster works in partnership with several high-quality private hall providers who offer accommodation across London if you don't want to live in halls or are unable to get a place. There are also private house-share opportunities throughout the city, and our Student Accommodation Team can help you to meet fellow student flat-hunters and find suitable properties.

For more information go to:
[westminster.ac.uk/accommodation](https://www.westminster.ac.uk/accommodation)

HOW TO FIND US

Our Harrow campus is only 20 minutes from Central London by tube.

WESTMINSTER AND YOU

WELLBEING AND SUPPORT

While we hope you'll thrive during your time at Westminster, we know that sometimes life gets in the way. That's why we have an incredible support network that can help you when you need it most. Be it counselling, financial advice or help with a disability.

STUDENT ADVICE

We offer practical information and professional advice on a range of issues including student finance entitlement, welfare benefits and money management. We provide immigration and visa advice to international students, and advice on other general issues such as working in the UK. We offer additional support to students who have been in care and students who are estranged from their family.

LEARNING SKILLS

Our team can support you in developing academic skills such as essay writing or giving presentations through one-to-one sessions and skills workshops. We also offer our students access to free courses in Microsoft Office and Adobe applications.

DISABILITY LEARNING SUPPORT

If you have a Specific Learning Difficulty (such as dyscalculia, dyslexia, dyspraxia, ADHD), or a long-term mental health problem, chronic medical condition or any other disability, we can provide support.

COUNSELLING

Talk confidentially to one of our trained counsellors if you experience personal and study difficulties. Support is available on an individual and group basis while workshops are also available throughout the year to help you manage university life.

STUDENT HEALTH

All students should register with a GP, but our experienced nurses provide a free and confidential term-time service to help with a range of health and wellbeing matters.

PASTORAL CARE, CHAPLAINCY SUPPORT AND MINDFULNESS

We provide help and advice with safeguarding or complex wellbeing issues, and can offer spiritual counselling to all students (or staff), of all faiths and none. This includes mindfulness training throughout the year across all campuses, with a team of chaplains and advisers from diverse world faiths and belief systems, including Humanism and non-believers.

CAREERS AND EMPLOYMENT

Our Careers and Employability Service can help you throughout your studies and for up to three years after graduation. We can also support you to find part-time work on campus, work placements, volunteering opportunities and industry mentors.

THE WESTMINSTER WORLDWIDE WELCOME

FEEL WELCOME, NO MATTER WHERE YOU'RE FROM

Westminster has one of the most diverse and international student bodies of any university. We speak over 150 different languages and we are experienced in giving students the help and support they need to feel welcomed to the buzzing capital and to life at Westminster.

Moving to another country can be daunting. We know that when you first arrive in the UK you may be unfamiliar with aspects of life and study. Westminster will help you settle in before you even arrive.

START YOUR JOURNEY HERE

1

You'll receive a full information pack with all the details you need about enrolment, healthcare advice and support services before you get here.

2

Put your mind at ease by taking part in our 'meet and greet' service for students arriving at Heathrow.

3

Join our buddy scheme.

4th

Westminster is ranked
4th in the UK for
international outlook

Source: THE Young University Rankings 2019

4

The International Students' Welcome Programme is a 3-day event that will introduce you to living and studying in the UK. It gives you the chance to meet fellow new students and Westminster staff, find your way around the University and London, learn about our facilities and services, and meet current international students.

5

You can sign up for a wide range of additional courses to support you during your studies, including training and study skills, and Academic English.

6

We have a pre-sessional English programme and an International Foundation course available if you require further preparation before beginning your studies at Westminster.

For more information visit
westminster.ac.uk/international

STUDENTS' UNION

YOUR VOICE, YOUR CHOICE

As a Westminster student, the students' union is your union, run for students by students. It looks after your needs and fights for your rights, completely independent of the university. You can get involved right from the moment you start at Westminster.

The list of societies, sports teams and clubs you can join are almost endless. Become a Dragon by joining one of UWSU's 25 sports teams or get involved in one of the 90 societies – from debating, anime or the feminist law society.

Or get involved in the media by joining the award-winning Smoke Radio and TV, the QH newspaper, and Smoke Mag.

If you can't find a society that caters for your particular passion, no problem – UWSU can help you to set up your own. After all, the university has been pioneering since it was set up in 1838, so do your part to continue the tradition.

Anyone can get involved in any of our societies, regardless of past experience, and it's a great way to gain skills, build your CV and meet like-minded friends.

For more information visit uwsu.com

GRADUATE TO JOIN THE EXCLUSIVE CLUB

Once you graduate from Westminster you become part of our exclusive alumni network along with other former students.

WESTMINSTER UNIVERSITY UNITES PEOPLE

Your connections and friendships will make a significant impact on your time at Westminster... and after it. Benefit from excellent industry links and join our sought-after network of over 180,000 alumni from 180 countries.

As alumni, you will be entitled to a number of benefits and services including discounts on further study, dedicated careers support, invitations to exclusive networking events in the UK and overseas, and professional development opportunities.

To find out more visit: westminster.ac.uk/alumni

OUR CONNECTIONS

Listing an undergraduate qualification from Westminster on your CV is just the beginning. You'll also be able to develop professional skills and experience to help you stand out from the crowd.

Our world-class location means you can network and work with global and national companies – many of their headquarters are based in London.

Recent opportunities for our graduates have included:

- Amazon
- BBC
- Deloitte
- Harrods
- HSBC
- IIT
- Microsoft
- NHS
- Pearson
- PwC
- Transport for London

A number of professional associations accredit, approve or recognise undergraduate degrees across our portfolio. Good news once you graduate because these accreditations are quality assurance for employers that you've qualified to industry standards as a graduate. These include:

- Architects Registration Board
- Association for Nutrition
- Association of Chartered Certified Accountants (ACCA)
- Bar Council
- Bar Standards Board
- British Psychological Society
- Chartered Association of Building Engineers
- Chartered Financial Analysts (CFA)
- Chartered Institute of Building
- Chartered Institute of Linguists
- Chartered Institute of Management Accountants
- Chartered Institute of Marketing
- Chartered Institute of Personnel and Development
- Chartered Management Institute
- Digital Marketing Institute
- Health and Care Professions Council
- Institute of Biomedical Science
- Institute of Direct and Digital Marketing
- Institute of Translation and Interpreting
- Royal Institute of British Architects
- Royal Institution of Chartered Surveyors
- Royal Society of Biology
- Royal Town Planning Institute
- ScreenSkills
- Tourism Management Institute

OPEN DAYS

DISCOVER WESTMINSTER, DISCOVER YOURSELF

Open Days are the perfect opportunity to find out everything you need to know about studying at the University of Westminster. You can meet current students and ask them about their experience here, speak to academic specialists about your subject and explore our world-class facilities. That's all while getting a feel of what it's like to be a Westminster student.

On the day you can get one-to-one advice on:

- Student Finance
- Admissions process – How to apply
- Careers and Employability
- Accommodation
- Study/work abroad
- Disability Learning Support

OUR NEXT OPEN DAYS

STUDY ABROAD OPTIONS

Courses which offer students opportunities to study abroad for a semester or year.

WORK PLACEMENT

Courses which include a credit-bearing work placement module or significant internship opportunity.

ACCREDITED COURSES

Courses which are accredited or recognised by an established professional body.

ACCOUNTING AND FINANCE

The University of Westminster is a leading provider of financial education in the centre of London, a global hub of the financial and corporate services sector. Our progressive and compassionate approach aims to develop your talent to meet the emerging needs of leading employers.

All of our courses are practical, relevant and have strong affiliations to professional bodies to give you a sound understanding of the core financial, accounting and business concepts as they are applied today. You'll have access to the Bloomberg platform, one of the leading financial markets suites, to make informed decisions about financial and business problems as you would in the real world. The skills and knowledge you gain will open up a range of opportunities in areas such as financial and management accounting, commercial and investment banking, financial risk management, wealth management, FinTech and financial planning.

Our Accounting course offers **up to nine exemptions** from the Association of Chartered Certified Accountants (ACCA) papers – the highest number available for a degree course

ARCHITECTURE AND INTERIORS

Westminster is one of the largest providers of architecture and interior education in the country.

At the heart of our courses, there is a rich choice of different Design Studios where you will get hands-on teaching in small groups by current practitioners. These studios are aimed at developing your imaginative design thinking, the skills to work under both intuitive and practical conditions and reflect London's dynamic architecture scene. You'll benefit from your own dedicated, modern studio space to work in and have a chance to use our cutting-edge facilities including advanced digital-making processes such as ABS and plaster 3D printing, CNC knife cutting, large-scale CNC routing, CNC metal milling and robot fabrication.

By choosing Westminster, you'll benefit from our strong industry connections and regular contact with professional bodies including the Royal Institute of British Architects (RIBA) and the Architects Registration Board (ARB) so your degree will be internationally recognised wherever you go.

ART, DESIGN AND VISUAL CULTURE

At Westminster, we prepare you not only to enter the creative industries but to shape and lead them. Based at our Harrow Campus – home to the Westminster School of Arts – you will work alongside students from film, photography, music, fashion and journalism, in a unique hothouse of creativity.

Our courses reflect the fast-changing opportunities in art, design and new media, and our courses combine the development of professional-level studio practice with the acquisition of skills, knowledge and understanding.

By choosing Westminster you will have the opportunity to work in generous dedicated studios, supporting both traditional and high specification digital technologies central to a wider range of art and design practices, as well as making full use of London's exciting cultural and creative environment.

From exhibiting, curating, writing, animating, filming, editing, directing, designing, researching or teaching our graduates succeed in all areas of the creative industries.

BIOLOGICAL AND BIOMEDICAL SCIENCES

Choosing to study biological and biomedical sciences with us gives you the perfect combination of technical knowledge and practical skills to meet the needs of industry or research and further study. Our courses prepare you for a professional working life in a range of environments such as hospitals, research institutions, the scientific or medical civil services. Plus there is the possibility of graduate-entry programmes into medicine.

With more than £30 million invested in equipment and creating state-of-the-art learning spaces and laboratories, you will learn key transferable skills through a mixture of lectures, seminars, tutorials, workshops, laboratory practical sessions and demonstrations – as well as independent work and online support activities. These courses culminate with you completing an original major research project in your final year, demonstrating the development of the skills you need for genuine scientific enquiry to take forwards into your career.

BUSINESS AND MANAGEMENT

With our wide range of Business Management courses, you'll have the opportunity to hone in on your expertise and choose one that's right for you. You can choose to specialise in a particular area like Marketing, Digital Business, Finance or Economics (to name a few). Or even combine your studies of Business Management with a language to give yourself an edge in the workplace.

We're focused on creating graduates who are ready for the world of work, that's why practical experience is at the core of our teaching. You can add a year-long industry placement to your course and benefit from gaining real and relevant hands on experience. Based in the heart of the capital, you'll have endless opportunities to network and get to grips with what industry is really like.

CONSTRUCTION MANAGEMENT AND URBAN PLANNING

We offer interdisciplinary education in Digital Business, Project Management, Chartered Surveying, Real Estate and Construction Management.

You'll study the design, construction and operation of organisations, buildings and places within which people and communities live. As well as engaging with live industry projects you'll build your knowledge and skills through site visits, field trips and practical workshops using specialist equipment and the latest technologies to bring learning to life. We are in the centre of one of the world's greatest cities and use this vibrant, multicultural setting to explore innovative solutions to the problems facing our world.

CRIMINOLOGY AND SOCIOLOGY

Criminology and sociology draw on a wide range of human and social science disciplines to explore the key issues of our time – immigration, crime, social injustice and youth unemployment for example – and help you to answer critical questions about society.

Our friendly and supportive teaching and assessment methods and wide range of specialist option modules are designed to bring out your strengths and really hone your research, analytical and communication skills. We take London both as an inspiration and a learning environment - whether it's the workings of the BBC or the Old Bailey, migration patterns to the East End or real-life case studies, we give you the tools to do your own hands-on research and exploration in one of the most exciting cities in the world. We also make the most of our outstanding professional links and location to help you gain valuable work experiences. All of which means you have a competitive advantage in launching your career once you graduate.

If you are interested in the way that society works, want a degree that offers a wide range of job opportunities, debate on aspects of life that seem “normal” and challenges certain aspects of the criminal justice system then this is the degree for you!

Roshan Johnson
Sociology and Criminology BA Honours

DATA SCIENCE AND INFORMATICS

The extensive use of social media networks and the Internet of Things are generating a massive amount of data. Our courses will give you the analytical, technical and data visualisation skills to convert big data sets into valuable insights that support effective decision making. You will be guided through the study of mathematics, statistics, computing and the business environment to understand the basic principles and technologies required in the exciting new field of data science and analytics.

You will learn how to apply your knowledge to real-world problems by working on short-term projects, often set by an external partner. There are also opportunities to undertake a year-long industrial placement.

As a professional who can process, understand and present information in an accessible way, you will play a vital role in a wide range of organisations from start-ups to major corporations, government departments and other public sector bodies.

ECONOMICS

If you are interested in understanding real-world issues such as employment and productivity, the business environment and government policy, the study of Economics is for you. It will give you the tools to analyse how economic issues impact small businesses through to how decisions are made by countries and governments.

You will develop the ability to apply economic reasoning to solve business problems and to contribute to the design and implementation of economic policy. You will learn to apply this reasoning, taking into account the relevant social, ethical and environmental context. Economics graduates have highly sought after skills for careers in business, finance and the public sector.

The University of Westminster is a member of the Society of Professional Economists and has close links with the Government Economic Service.

ENGLISH AND CREATIVE WRITING

With over one billion speakers worldwide, the study of English enables you to make connections and unlock cultures around the globe. Choose to study English Language, Literature, Linguistics or Creative Writing in their social, cultural and historical contexts or combine your study with other subjects according to your interests. You will develop key transferable skills including effective communication, collaboration, critical thinking and research. You will often be taught in small seminar groups and tutorials to give you individual support and the unrivalled library, cultural and archive resources of London are an integral part of each course.

At Westminster we place particular emphasis on employability. You will have the opportunity to complete a work placement, internship or to study abroad at a partner university. Our graduates go on to careers in the creative industries, publishing, journalism, teaching and graduate roles in many other sectors.

HISTORY

Our History courses explore the driving forces which have helped to shape modern Britain and her relationship to the world including war, revolution, nationalism, liberalism and democracy. Your studies will have a focus on European history with opportunities to study American history, the Empire and global history. This stimulating course is delivered through a varied programme of lectures, seminars, field walks, museum visits and archive tours plus a chance to visit Europe. You'll unearth revealing insights about the subject and be encouraged to think about the role of the historian and how the past is remembered.

London is our classroom and we will help you to appreciate the extraordinary history of this great city. You'll explore the streets of the capital, learn how to conduct your own research in London's unique archives, and graduate as a well-trained and experienced historian. Our graduates are ready for a career in the media, education, the Civil Service and the Law – or prepared for research and further study.

LANGUAGES

We aim to train competent linguists in modern languages who are ready to enter the workplace. Our courses are designed to develop your knowledge, use and understanding of language and culture, along with the skills needed for effective communication in the global environment. You will also explore the key influences which shape how ideas are formed and communicated.

The courses are delivered through a combination of formal lectures, seminars and practical workshops, guided self-study and exposure to professionally relevant simulations and real-work placements. You will have the opportunity to spend a full academic year abroad at a partner institution or in approved employment. Our graduates find employment as translators, interpreters and teachers, and in other sectors including law, marketing, journalism, the Civil Service, international business and financial services.

Professional recognition: The University of Westminster is a Higher Education Language partner of the Chartered Institute of Linguists.

LAW

Based within easy reach of the Law Courts and the top legal employers, London has the largest concentration of legal expertise anywhere in the world. The University of Westminster offers undergraduate, postgraduate and professional courses to support you through your whole journey to becoming a legal professional in a friendly and supportive learning environment.

You will be taught in small tutorial groups by an internationally-renowned staff team, where you'll be able to study a wide range of distinctive subjects to suit your area of interest. Our specialisms include international law and human rights, commercial and financial law as well as child/family law and entertainment law.

We are committed to getting you ready for practice. As an undergraduate Law student you'll have work placement opportunities at major legal firms and could work alongside qualified legal professionals on real-life cases at our student-led Legal Advice Clinic.

Course title and qualification	UCAS Code	Course Duration	📍	✈️	🎒	👤	UCAS Tariff	A Levels	BTECs

Some subjects may require specific qualifications. *Other study options available. See website for details.

Students gain valuable experience being trained to provide free legal advice under the supervision of a qualified solicitor at the University of Westminster Legal Advice Clinic.

MARKETING

We can help you prepare for a fast-paced, creative and rewarding career in Marketing. Whether you want to explore international market planning and strategy development or focus on advertising, PR and management, you'll be sure to find a course that fits you well.

All of our courses aim to develop your awareness of contemporary marketing practice and the interaction with the other functional areas of business. You'll walk away with the knowledge, skills and practical experience you need to pursue opportunities with national and international organisations in areas such as strategic marketing planning, market research, marketing communications and brand management.

As my placement I worked for Bentley Motors in Sales and Marketing. I had the opportunity to actively participate in training events and plan for product launches... this experience raised my skills to a level which would not have been possible if I didn't take the placement year

Achille Piana, International Marketing BA Honours

MEDIA AND COMMUNICATION

The way we communicate is changing rapidly and we want to equip you with the skills you need for a career in today's media industry. Whether your passion lies in digital, traditional or emerging media, you will develop practical skills at the same time as studying essential theoretical frameworks to become a rounded professional. Our course teams are made up of industry experts and internationally renowned academics from our world-leading Communication and Media Research Institute (CAMRI).

Based at our Harrow campus, you will have access to industry-standard newsrooms, TV and radio studios. You will also be encouraged to gain hands-on experience through work placements, writing for the student newspaper or getting involved with our award-winning Smoke Radio station, for example. Recent graduates are working at the BBC, CNN, BuzzFeed, The Guardian, Kiss Radio, Ogilvy & Mather, Mischief PR, The Royal College of Art and McKinsey Consulting.

What's it for?

Expression is an expertly designed communication tool for healthcare professionals to help depressed patients communicate their emotions and feelings which is in a powerful way. The tool consists of colourful cards that have depression symptoms printed on them which uses colour to give them the confidence to share their feelings and receive an effective mood.

Student work clockwise from top-left, Evann Nyack, Daniele Roversi, Katie Mitchell and Jama Jama

MUSIC

From DJs to producers, performers, songwriters, entrepreneurs and thinkers we attract some of the most talented students who go on to shape the music industry. Our degrees, covering all areas of the industry, prepare you for a successful and sustained career in music. You will be taught by professionals ranging from composers and performers, to promoters, audio experts, producers, lawyers and artist management specialists. The expertise of our team opens up an exciting range of networking opportunities and brings in guest lecturers from all areas of music. You will also get to record, produce and perform your own original music in our industry standard recording studios and performance spaces.

Teaching takes place at our Harrow campus, home to the School of Arts and School of Media and Communication. Being a part of this creative hub allows you to collaborate and work alongside artists, directors, fashion designers, photographers and journalists, as well as our award-winning Smoke Radio station.

Westminster's Spotify playlist

From Sigala to Michael Kiwanuka, Jamie Woon to Rudimental, we have created a Spotify playlist that brings together highlights from our talented and influential students.

All tracks are either performed, written or produced by Westminster music students and alumni. Head over to Spotify for a listen!

NUTRITION AND PUBLIC HEALTH

One of the most popular sciences, the study of human nutrition and public health integrates knowledge from diverse areas to present a unified view of this dynamic subject and its applications. You will examine how nutrients and eating patterns impact on health and well-being, and the role of diet in both health and disease.

You will learn in well-equipped bioscience labs that include specialist facilities like the BodPod and test facilities for nutritional analysis, whole-body metabolism and determination of body composition. The course is taught through a mixture of face-to-face teaching and tutorial sessions, laboratory-based practicals, research seminars, and independent study. Westminster's lively research culture informs our teaching and is reflected in current studies into metabolic features underlying obesity and diabetes, nutritional intervention in over- and under-nourished populations, chronic disease, and exercise and nutritional interventions for metabolic health.

Human Nutrition BSc Honours

POLITICS AND INTERNATIONAL RELATIONS

Westminster is recognised internationally for our innovative teaching and research in Politics, International Relations and Development, using an integrated approach for understanding all aspects of politics at a global level. You'll develop the ability to think critically about national and international politics and ideas, preparing you for a variety of career paths. From conflict to climate change, you'll get to grips with current events and understand the core factors affecting them. The latest political thinking will challenge your preconceptions of justice, power, political economy and ethics.

The student experience is at the heart of everything we do. We are in the centre of one of the world's greatest cities and we use this vibrant, multicultural setting to ensure that our students discover innovative solutions to the problems facing our world.

PSYCHOLOGY

By choosing Psychology at Westminster, you'll be joining a vibrant culture of research and interdisciplinary collaboration. You'll be based in the heart of London with all its social diversity and with access to a huge range of library, archive and cultural resources. You'll have the option of specialising in modules that cover the full breadth of psychology and offer you a unique learning experience.

We're focused on creating graduates who are ready for the world of work, that's why practical experience is at the core of our teaching. You'll be able to take an optional work placement year, giving you the opportunity to gain workplace experience in a psychology or cognitive and clinical psychology-related setting in the UK or abroad.

TOURISM AND EVENTS MANAGEMENT

Where better to study tourism and events than in the heart of central London, one of the most popular tourist destinations in the world? With 25 years' experience of tourism education and research our courses take advantage of our central location and professional networks of local, national and international connections to prepare you for a career managing tourism experiences and events across all sectors.

You will study topics ranging from hospitality and event management, to marketing for tourism and the political and societal impacts of tourism. We strongly believe field trips make a huge difference to understanding how to apply your learning to the real world. So, as well as taking full advantage of our superb location to visit central London hotels, event venues, attractions and cultural sites, our tourism and events degrees offer annual residential field trips to destinations both in the UK and abroad.

ESSENTIAL INFORMATION

We're here to help.

In this section you'll find information on:

- How to apply
- Fees and funding
- Advice for International students
- Our policies, terms and Student Charter
- Support we can offer (before and during your studies)

Any further questions? Please contact us on **course-enquiries@westminster.ac.uk** or come along for a chat at our next open day.

HOW TO APPLY

For full-time courses you must apply online via the Universities and Colleges Admissions Service (UCAS), at ucas.com

If you are resident outside the UK, you can get advice from your school or college, or one of the University's official representatives, at westminster.ac.uk/international

We also have teams in Beijing and Delhi who can support you through the application process.

If you are a mature applicant resident in the UK, you can seek advice from careers organisations. Please feel free to contact us.

If you are applying for a part-time degree, you should apply directly to the University online at westminster.ac.uk

T: +44 (0)20 7915 5511

E: course-enquiries@westminster.ac.uk

ENTRY REQUIREMENTS

You will find a summary of the entry requirements for each course on the relevant course page of this Prospectus. For further information please refer to our website or the UCAS website. As well as qualifications, we will look for additional evidence of suitability for a course; if your qualifications or experience indicate that you are more suited to a Foundation-level course at Westminster or an associated institution, you will be advised of this.

A LEVELS AND GCSEs

A Levels: We consider each application on its merits. In addition to A Levels, we also consider GCSEs, personal statement and reference when making an academic decision.

GCSEs: We require GCSE in English Language and Maths for all courses (and Science or Double Science where specified).

Standard entry requirements:

- three GCE A Level passes plus two GCSEs at Grade 4 (C in grading system prior to 2017)

or above including English Language and Maths; or

- two GCE A Level passes plus three GCSEs at Grade 4 (C in grading system prior to 2017) or above including English Language and Maths; or
- five passes in the Scottish Certificate of Education, of which three are at Higher Grade including English Language and Maths; or
- four passes in the Scottish or Irish Certificate of Education, all at Higher Grade including English Language and Maths; or
- a pass in Pearson BTEC National award or HNC/HND; or
- a pass in an Access to HE diploma (specific tariff requirements can be found on the individual course pages on our website); or
- Foundation course; or
- an International Baccalaureate (or Welsh Baccalaureate alongside additional qualifications).

These should be seen as benchmarks; we recognise that a variety of other qualifications and learning may provide appropriate evidence of an applicant's suitability for admission. The University will use its discretion to interpret such formal attainment levels in terms of equivalence, with advice from external agencies.

Please note that we are happy to consider applications that reflect a mixture of Level 3 qualifications either passed or being taken as long as they are equivalent to our standard entry requirements. For example, we would consider a combination of A Levels and BTEC Level 3 qualifications equivalent to three A Levels or a BTEC Extended Diploma.

INTERNATIONAL ENTRY REQUIREMENTS

We have extensive experience in evaluating non-UK qualifications. For country-specific information, please visit westminster.ac.uk/international
E: course-enquiries@westminster.ac.uk

EU students: see p115.

LANGUAGE REQUIREMENTS

If your first language is not English, you will need a minimum IELTS of 6.0 overall with 5.5 in each component, or a Westminster recognised equivalent. For some courses the minimum IELTS score will be higher, so please check individual course entries. These minimum scores may change if English requirements are increased by the UK Visa and Immigration Department. We offer pre-sessional summer programmes if you need to improve your English before your course; see p123.

westminster.ac.uk/efl

INTERNATIONAL VISA REQUIREMENTS

Unless you hold an EU/EEA passport you should apply for a Tier 4 (General) student visa. Before you apply for your visa you must have accepted our unconditional offer of a place and have a Confirmation of Acceptance for Study (CAS) from the University of Westminster. The CAS is a unique reference number which confirms that you will be studying at Westminster. You will need this number for your visa application form.

Your CAS will be issued once you have paid the minimum deposit towards your tuition fees. Further information about the deposit can be found on our website.

westminster.ac.uk/international-student-deposits

If you need to apply for a student visa in order to study with us then please read the information on our website at westminster.ac.uk/visas

ADMISSIONS POLICY AND GUIDES

Our Admissions Policy and Guides are available on our website. The guides aim to provide applicants with information on how we process applications and make decisions as well as, for example, how to make a complaint if something has gone wrong during the pre-application and application process. You will also find the terms and conditions for students once enrolled at the University.

E: admissions@westminster.ac.uk

INTERVIEWS

For many courses a decision will be made on the basis of your application form alone. However, for some courses the selection process may include an interview in London or by Skype, usually between December and April for full-time students, or March to early September for part-time students.

STUDENTS WITH DISABILITIES

We encourage applications from people with disabilities, long-term health conditions and Specific Learning Difficulties (dyslexia, dyspraxia, dyscalculia and ADHD).

The University of Westminster values the contribution disabled students make to its diverse community and admits its students on academic merit alone. However, for individual disabled students, it is important that we establish the reasonable adjustments possible and required to minimise the impact that their impairment might have on their studies.

If you have a disability, long-term health condition or Specific Learning Difficulty, please indicate this clearly on your application form. This will allow us to contact you as soon as you have been made an offer.

Determining an appropriate support package and applying for all sources of support, internal and external to the University, can take some time (eight weeks on average). A late disclosure of a disability may delay your support or make it impossible to put in place. Therefore, we are keen to hear from you as early as possible in the application process to avoid a deferral of entrance and disappointment.

For more information on the disclosure process and support available, please feel free to contact our Disability Learning Support team.

T: +44 (0)20 3506 8800

E: DLS@westminster.ac.uk

westminster.ac.uk/disability

NOTES FOR APPLICANTS

We will answer any enquiries you may have concerning application, fees, registration or transfers from other institutions, although many of your questions will be answered in this Prospectus, on our website, or in the UCAS Guide for Applicants. While courses are offered as described at the time of going to press, sometimes revisions are made, mainly to ensure our courses are kept up-to-date. We will only cancel a course if it is unavoidable and will keep applicants informed of any major changes. There is no guarantee that courses that are undergoing validation will be approved.

TERMS AND CONDITIONS

Our Terms and Conditions are available via the course pages of our website. A link to download these terms is also provided as part of your offer of a place at the University.

HEALTH AND SAFETY

The University complies with the requirements under Section 3(i) of the Health and Safety at Work Act 1974. The University has a responsibility to the student and the public visiting the site, but the student has a responsibility to conduct himself/herself so

as not to endanger his/her own health and safety, or the health and safety of others.

The University has a legal obligation to keep a record of all accidents that occur on its premises, and students involved in any accident, however slight, are required to report the circumstances immediately to a first aider, safety contact or their supervisor.

DATA ACCESS

We take care to ensure the confidentiality of your application information. All details are held on the University computer system for internal administrative purposes and the compilation of statistics. However, if requested, we may provide information to UCAS, local education authorities, police forces and government departments (eg UK Visas and Immigration).

To request any personal data we keep on file about you, please contact us.

E: dpa@westminster.ac.uk

If you prefer, you can write to the Information Compliance Team, University of Westminster, 309 Regent Street, London W1B 2HW
westminster.ac.uk/data-subject-rights

FEES AND FUNDING

Student Finance England provides loans for higher education fees and living costs if you live in England and meet the residency conditions. Providing you are studying an eligible course, and this is your first time studying a higher education qualification, you will not have to pay your tuition fees up front if you qualify for funding.

The fee loans are not means tested, so you do not need to provide information about income levels. Maintenance loans, for your living costs, however are assessed on your parents' income unless you are 25 or over, or if you qualify as an independent student. Loan repayments will start the year after you graduate or leave the course, and only when your salary reaches £25,000 or more.

UK (Home) students – applying for student finance

You do not need a confirmed place at university to apply for student finance. It's best to apply as early as possible even if you are not sure which university you will be going to. Please see [gov.uk/student-finance](https://www.gov.uk/student-finance) for guidance on the application process, eligibility and support available.

You can use the student finance calculator to estimate:

- student loans
- extra student funding, e.g. if you are disabled or have children or an adult dependant.

Please also see our website for further information regarding other support available. [westminster.ac.uk/study/fees-and-funding](https://www.westminster.ac.uk/study/fees-and-funding)

Confirmation of your registration at Westminster, and tuition fee payment

When you enrol at university you will need to bring your Student Finance Entitlement letter to show that your loans have been approved, and that the University of Westminster is shown as your place of study. We will also take note of your Student Support Number from your Entitlement Letter so that the University can send

confirmation of registration to Student Finance England in order to release your maintenance loan payments. The Tuition Fee Loan will be paid directly to the University once your attendance at the University is confirmed. If you are unable to provide your Student Support Number at enrolment, please ensure you contact studentfunding@westminster.ac.uk to provide us with this number.

University of Westminster Scholarships

The Scholarships Office offers a range of scholarships for both UK/EU and international undergraduate and postgraduate students. To be eligible to apply for a scholarship, you must first have been offered either a conditional or unconditional place on a course. Successful applicants are chosen on the basis of various criteria including academic excellence and financial need. All of our scholarships are very competitive.

University of Westminster UK undergraduate fees

Undergraduate fees for UK students who meet the residency requirements are regulated by the UK Government. In September 2019 our tuition fees were £9,250 a year. For the latest information please visit our website.

University of Westminster international undergraduate fees and processes

Latest details of undergraduate international fees can be found on our website. As an international student, you will be asked to pay a deposit towards your fees when you accept your offer of a place to study with us. We will then issue you with a Confirmation of Acceptance of Studies (CAS) which you can use to apply for your visa. We have a team of visa advisers who can help you through this process. Please read the full deposit information at:

[westminster.ac.uk/international-student-deposits](https://www.westminster.ac.uk/international-student-deposits)

EUROPEAN UNION STUDENTS

At the time of printing (February 2020) the UK Government has not made a decision on whether EU nationals starting a course from September 2021 onwards will continue to be entitled to home fee status or current student finance packages following the UK's withdrawal from the EU. For further guidance and the latest information, check [gov.uk](https://www.gov.uk), visit our website or contact Student Advice.

COURSE STRUCTURE AND ROUTES TO STUDY

COURSE STRUCTURE

Bachelor of Arts (BA), Engineering (BEng), Law (LLB), Music (BMus) and Science (BSc) degrees normally last three years full-time, or four years if you take a work/industrial placement year, or a year abroad. Undergraduate courses are modular and are taught over two semesters each academic year. Each module has a credit rating, and you gain credits for modules that you successfully complete. You continue to accumulate credits until you have gained enough for the award; an Honours degree requires a minimum of 360 credits.

At each credit level, you can choose from:

- core modules that must be studied
- option modules, where there is a choice within your subject area
- elective modules, where your course allows, giving a choice from outside your main subject area.

If you have recently been studying at another institution you may be able to take a course at Westminster with credits already gained.

FOUNDATION PATHWAY

We offer Foundations as a route onto some of our undergraduate programmes. For module information and any further details, please visit: westminster.ac.uk/foundation-courses

INTERNATIONAL EXCHANGE PROGRAMME

We have a broad network of partnerships throughout the world, offering you the opportunity to study at one of our partner universities. You can go on a student exchange programme for one semester or, if your course allows it, a whole year.

westminster.ac.uk/westminster-abroad

PROFESSIONALLY ACCREDITED AWARDS

Courses in many of our core disciplines are accredited by professional bodies to allow exemption from exams following graduation, or to certify that the standards required for

professional practice have been met. The criteria of the different bodies change from time to time, and if the University can give prior notification before the start of the academic year, you will be advised of changes that may affect your course.

SHORT COURSES AND INDIVIDUAL MODULES

You can take some modules as independent short courses, and we have a well-developed, accredited programme designed to enable you to update your skills, in addition to our extensive continuing professional development scheme. westminster.ac.uk/professional-and-short-courses

RECRUITMENT AND OUTREACH

We are actively engaged with UK schools and colleges to develop educational links and partnerships with the University across all our academic disciplines. We have several associate and affiliated institutions with special partnership and link arrangements which support course development and student progression.

If you would like to arrange a visit or to request that we deliver subject talks, please get in touch:

E: outreach@westminster.ac.uk

westminster.ac.uk/outreach

THE WESTMINSTER GROUP

These are the six Associate Colleges of the University of Westminster which offer courses with links to our degrees.

- City of Westminster College, cwc.ac.uk
- College of North West London, cnwl.ac.uk
- Harrow College, harrow.ac.uk
- Kensington and Chelsea College, kcc.ac.uk
- New City College Hackney, ncclondon.ac.uk/hackney
- Uxbridge College, uxbridgecollege.ac.uk

MATURE STUDENTS

Around one in six of our full-time first degree or undergraduate students is over 21 when they apply. The vast majority of mature students who are accepted successfully complete

their course, but returning to study can be challenging. To help you meet that challenge you will have access to tutorial support, and we provide a series of workshops on getting to grips with university life, and brushing up on your study skills.

Formal qualifications are only one measure of your ability to study at a higher level. Work or other experience, maturity of approach, commitment and enthusiasm are also important. We take these factors into account when making offers of places.

Students of any age who have acquired certificated learning at an appropriate level can be exempted from specific modules, through the Recognition of Prior Learning (RPL) system. However, if you are 21 or over, the knowledge and skills which you have gained through life, work experience and study may be eligible for credits towards your course under the Recognition of Prior Experiential Learning (RPEL) programme.

For more information contact the Admissions Team:
T: +44 (0)20 7911 5000
E: RPLAdmin@westminster.ac.uk

PART-TIME STUDENTS AND FLEXIBLE STUDY MODES

Many of our students are studying part-time, either taking degrees, on short courses or working to gain professional accreditation. Achieving a degree part-time usually takes up to four years (typically attending classes two evenings plus six to 12 hours of personal study each week during term time). You apply directly to the University for a part-time course on our website westminster.ac.uk

INTERNATIONAL FOUNDATION COURSE

For international students who do not meet our Bachelor's degree entry requirements, we work in partnership with Kaplan International College, London to provide Foundation courses with guaranteed progression to your chosen degree (subject to meeting entry criteria and visa requirements); for more information, turn to p122, or visit kaplanpathways.com

We also recognise qualifications from a number of other International Foundation providers. See the International Partnerships for Students section on our website for a full list.

INTERNATIONAL

With one of the UK's largest international student populations, the University of Westminster has plenty of experience in giving you the help and support you need to make the most of your time with us.

MEET US IN YOUR COUNTRY

Members of the University frequently travel overseas to meet and interview potential students at exhibitions, schools, partner institutions and other events. We also work with representatives around the world who can help you with your application to Westminster. For more information, visit westminster.ac.uk/international

We also have teams based in Beijing and Delhi.

E: india@westminster.ac.uk

E: china@westminster.ac.uk

INSTITUTIONAL PARTNERSHIPS

We have a wide range of partnerships with universities and academic institutions in the UK and overseas that allow students to progress onto degree courses at Westminster. For a full list of our partners visit westminster.ac.uk/international

STUDENT VISAS

If you are a non-EU/EEA passport holder you will need to check your visa requirements for study in the UK by visiting UK Visas and Immigration at gov.uk/tier-4-general-visa

OVERSEAS EXPERIENCES

Westminster students

When you study with us, we provide lots of opportunities for you to go abroad to experience life and gain the global experience that will help you with your future employability. These opportunities range from studying at a partner university for a summer, semester or academic year, volunteering, doing an internship or taking part in an academic led field trip. Whichever opportunity you choose, we guarantee it will be an amazing chance for you to live and learn in another country.

westminster.ac.uk/westminster-abroad

Westminster is an active participant in the Erasmus+ programme which is supported by the European Commission; we have more than 50 Erasmus+ partnerships.

Partner University Students

Our exchange programmes also offer the opportunity for students from partner institutions to come to Westminster for a semester or year. The exchanges are subject-based, so visit westminster.ac.uk/student-exchanges for details of the study opportunities available.

Don't worry if you are not from one of our partner universities, you can still come to study with us on one of our study abroad programmes.

STUDY ABROAD PROGRAMMES

Westminster's Study Abroad programmes give you the opportunity to come to study (or combine study and an internship) for the summer, one semester or the academic year. The programmes are designed to immerse you into the life of the University and the city of London. They offer you the chance to enhance your academic learning and future employability, and to undertake a unique adventure that will be a life-changing experience.

westminster.ac.uk/study-abroad

The University of Westminster is proud to be a Generation Study Abroad commitment partner.

westminster.ac.uk/study-abroad

Westminster's
Study Abroad
scheme is **one of the
largest in the UK.**

ACADEMIC SUPPORT

The Student Support Desk, located at Marylebone Library (Ground Floor), will offer you advice, information, support and development opportunities. You will benefit from a wide range of initiatives, activities, schemes and services that will enhance your experience at Westminster. This is the place to go for information and advice that you need about a range of services for students.

STUDENT HUB

For help and advice you can also search our online student hub:

westminster.ac.uk/hub

PERSONAL TUTORING

Personal tutoring provides academic and pastoral support for undergraduate students on a planned and regular basis.

ACADEMIC ENGLISH

We offer a number of credited Academic English modules which you can take in your first or second year (as a free-choice module) depending on eligibility.

westminster.ac.uk/academic-english

STUDENT CHARTER

An effective partnership between students and staff is vital to the success of the University and our students, and our Student Charter forms the basis of this relationship.

westminster.ac.uk/student-charter

ADVICE AND SUPPORT

Student Advice

We offer practical information and professional advice on a range of issues including student finance entitlement, welfare benefits and money management. We provide immigration and visa advice to international students, and advice on other general issues such as working in the UK. We offer additional support to students who have been in care and students who are estranged from their family.

E: studentadvice@westminster.ac.uk
westminster.ac.uk/advice

Student funding

For enquiries regarding registration confirmation to Student Finance England, Oyster card applications, the Living Expenses Support Scheme, emergency loans, and funding for US students.

E: studentfunding@westminster.ac.uk
westminster.ac.uk/funding

Counselling

Our team of professional counsellors offer confidential counselling to students experiencing personal and study difficulties. Support is available on an individual and group basis. Workshops are also available throughout the year to help you manage study and university life.

E: counselling@westminster.ac.uk
westminster.ac.uk/counselling

Care Leaver Support

For students who have been in care (local authority/public care, foster care, semi-independent living or residential care homes) individual additional support is available from the Care Leaver Co-ordinator.

E: studentadvice@westminster.ac.uk
westminster.ac.uk/care-leaver-support

Pastoral Care and Chaplaincy Support

We provide help and advice with safeguarding or complex wellbeing issues, and can offer spiritual counselling to all students (or staff), of all faiths and none. This includes mindfulness training throughout the year across all campuses, with a team of chaplains and advisers from diverse world faiths and belief systems, including humanism and non-believers.

E: safeguarding@westminster.ac.uk
E: interfaith@westminster.ac.uk
westminster.ac.uk/faith-and-spirituality

LEARNING SUPPORT

Academic Liaison and Learning Development

Our team can support you in developing academic skills through one-to-one sessions and skills workshops.

E: learningadvice@westminster.ac.uk
westminster.ac.uk/learning-and-study-skills-support

If you are a prospective student looking for information about Undergraduate or Postgraduate courses and fees, come to see the Course Enquiries Team based at 32–38 Wells Street, London W1T 3UW.

E: course-enquiries@westminster.ac.uk

Disability Learning Support

If you have a Specific Learning Difficulty (such as dyscalculia, dyslexia, dyspraxia, ADHD), or a long-term mental health problem, chronic medical condition or any other disability, please contact us to find out what additional support is available. Individual specialist study skills support can be provided to students with dyslexia, dyspraxia and other Specific Learning Difficulties. Mentoring is also available for DSA-funded students with long-term mental and physical health conditions.

E: DLS@westminster.ac.uk
westminster.ac.uk/disability

Digital Skills and Capabilities

LinkedIn Learning is an online learning library that can help you learn software, education, business, and creative skills to achieve personal and professional goals. Undergraduate and postgraduate students on UK-based programmes are currently entitled to a free subscription worth £250 giving unlimited access to thousands of courses, with 30 new courses added weekly. Access to exercise files and the mobile app are included. We also offer our students access to free courses in Microsoft Office and Adobe applications. Completing the relevant online

course and passing an online test will help you develop valuable skills and give you a University of Westminster digital badge. After taking these courses through self-study, you can sign up to a limited number of places to take the examinations required for the Adobe or Microsoft certifications free of charge (certification usually costs £75 or more).

westminster.ac.uk/it-training

STUDENT HEALTH

It is very important that you are registered with a General Practitioner (GP) while you study at Westminster. You should register with a GP of your choice near your accommodation. There are also a few GPs located next to our halls, who have been checked and approved by the University.

E: student-health@westminster.ac.uk
westminster.ac.uk/student-health

CAREERS AND EMPLOYMENT

Our Careers and Employability Service can help you throughout your studies and for up to three years after graduation. We can also support you to find part-time work on campus, work placements, volunteering opportunities and industry mentors.

E: careers@westminster.ac.uk
westminster.ac.uk/careers

ACADEMIC SUPPORT FOR INTERNATIONAL STUDENTS

INTERNATIONAL FOUNDATION

Delivered by Kaplan International College (KIC) London, the Foundation is designed to prepare you for undergraduate study. Progression to Westminster is guaranteed (subject to visa requirements) if you complete your KIC London course and achieve the required grades.

These courses are for international students who do not meet the entrance requirements for our Bachelor's degrees in the following areas:

- Accounting and Finance
- Architecture and Interiors
- Art, Design and Visual Culture
- Biological and Biomedical Sciences
- Business and Management
- Computer Science and Engineering
- Construction Management and Urban Planning
- Criminology and Sociology
- Data Science and Informatics
- Economics
- English and Creative Writing
- Fashion
- Film and Television
- History
- Language
- Law
- Marketing
- Media and Communication
- Music
- Nutrition and Public Health
- Politics and International Relations
- Psychology
- Tourism and Events Management

The Foundation covers a range of skills that will allow you to progress to the University of Westminster and study with confidence. These include subject specific academic modules alongside note taking, presentation skills, essay writing and much more. English language tuition is also provided at a range of levels.

Subjects of study on the Foundation in Art and Design include:

- Art, Design and Media
- Contemporary Art in Context
- Digital Applications
- Entrepreneurship
- People, Culture and Society
- UK Society and Culture

Subjects of study on the Foundation in Business, Law and Social Sciences include:

- Applied Maths
- Business and the Business Environment
- Business Enterprise
- Foundation Economics
- Foundation Maths
- Introduction to Legal Principles and Systems
- Introduction to Social Science
- Statistics
- The Individual, State and Society.

Subjects of study on the Foundation in Science and Engineering include:

- Applied Maths
- Basic Engineering
- Biological Science

Course Title	Course Duration	Location	Entry Requirements
International Foundation	Between seven and 11 months depending on English level at point of entry. Start dates are available in September, October and January	KIC London, London Bridge	In general, entry to the Foundation Certificate requires you to have passed Grade 12 (or equivalent). You will need to show proof of English language ability, usually an IELTS test (or equivalent). A higher IELTS score means your course will be shorter and you can progress to your Bachelor's degree more quickly. For specific entry requirements and general information, contact KIC London. Apply directly at kaplanpathways.com

- Foundation Maths
- Fundamentals of Science
- Physical Sciences
- Statistics for the Social Sciences.

On successful completion of the Foundation Certificate at KIC London, you will progress to the first year of an undergraduate degree at the University of Westminster.

kaplanpathways.com/westminster/contact

ACADEMIC ENGLISH MODULES AND PRE-SESSIONAL ENGLISH COURSES

The University of Westminster offers a number of Academic English modules which you can take as part of your studies in the first or second year of your course (as a free-choice module) depending on eligibility.

If you are an international student, you can register on one of our pre-sessional English Language courses which will help you develop the language and study skills you need for academic success on a full-time undergraduate course.

Our Academic English modules and pre-sessional English Language courses will develop:

- your understanding of what is required on your future degree course
- the accuracy of your English, including academic language
- your range of academic vocabulary, with a focus on collocation and word families
- your ability to apply academic language across a variety of text types in your research
- your essay and report-writing skills through ongoing practice
- effective strategies for reading academic books, journal articles and case studies
- the listening and note-taking skills necessary to benefit from university lectures
- your ability and confidence to participate in group discussions and seminars on academic topics
- your presentation skills, including

pronunciation, stress and intonation

- your confidence in being able to follow university-level courses in English.

ACADEMIC ENGLISH

Our credited Academic English modules have been designed to allow you to consolidate, extend and develop your proficiency in Academic English.

Enrolment for Academic English will take place during orientation week and learning week one. Exact dates and time-slots will be published in early September. During enrolment we can determine whether an Academic English module is appropriate for you.

You can find more information online, at **westminster.ac.uk/academic-english**

PRE-SESSIONAL ENGLISH

Our pre-sessional English courses at the University of Westminster will enable you to develop the language and study skills necessary to meet the demands of your academic course in an independent and responsible manner. You will also experience student life through our welcome and social programmes.

Our aim is to provide you with a solid foundation for when you start your degree course, and to give you the skills, knowledge and experience to make the most of your time at university. The course materials and assessments will also have a disciplinary focus, as a further means of preparing you for your future degree.

As a full-time pre-sessional student you will also be expected to do homework which will lead to formal assessments at the end of the course. In addition, you will have access to the University's extensive facilities, including libraries, computers and the fitness suites.

You can find more information online, at **westminster.ac.uk/pre-sessional**

CHOOSE YOUR DEGREE

Choosing what subject to study can seem daunting. One thing to bear in mind is that you will be spending the next few years studying it in some depth so you should probably choose something you are going to enjoy. As well as the subject knowledge getting a degree can open a lot of doors for your future career and give you a whole range of skills to set you up for the future.

While it's completely fine, and pretty normal, to not know what you want to do after university – if you do have some idea here are some suggestions of the subjects we offer that may help get you there. Of course, there are many ways to get where you want to be and lots of other jobs and careers that a degree with us can lead to but this might just be a good place to start thinking about what course would be right for you.
