

# **MASTER IN MANAGEMENT PROGRAM**

Studies are a journey !

Management education is an area of excellence in the French post-secondary system. For the past years, annual rankings of the world's best business schools have recognized the quality of France's "Grandes Ecoles de Commerce". Join one of these top higher education institutions and one of the best graduate English taught programs in France.

## SCOPE

Our Master in Management program integrates the necessary elements for your development and your future employability:

- Developing your economic, scientific, technological and societal knowledge to better understand the global and business environments.
- Discovering innovative business models.
- Learning managerial skills you will apply to your entrepreneurial and intrapreneurial projects and while working for a company.
- Understanding other cultures and the concept of globalization to learn to think out of the box.
- Developing expert skills through one of our specialization courses.

## FACULTY

A multicultural faculty strives to continually deliver the best of international business teaching. Business executives from multinational companies, practicing consultants and entrepreneurs also add their professional insights and expertise to complete the learning experience. In the Master in Management program, we look at teaching as the art of knowledge sharing and career building.

#### **THE SCHOOL**

Brest Business School was one of the first business schools created in France in 1962. BBS is a «human» size school favoring student-faculty proximity, proactive learning and individual tutorship.

#### BREST

A maritime City on the Atlantic coast, located on the western tip of Brittany, has a population of 350 000, including 25 000 students, and enjoys an exceptional setting and a mild marine climate. The international airport helps to link the town with the largest European capital cities. With its two competitive clusters focusing on the maritime sea activities and image & networks, Brest is home to many sizeable organizations and research centers. The campus is situated 5 minutes away from the town city, close to the university campuses and its services.

## **PROGRAM CONTENT**

# **CUSTOMIZED PROGRAM ACCORDING TO PROFILE**

The program has two intakes ; September and January.

As the program is entirely taught in English, no prior knowledge of French is required. A course of French as a foreign language (Intermediate level French is required to carry out an internship in France) is available to help international students learn basic French in order to fully appreciate their experience in France.

#### MASTER 1

**1ST SEMESTER** : will help you understand the international dimensions of management science such as International law, Ethics Management and CSR, Project Management, Economic Analysis and Strategies, International Business and French courses.

**2ND SEMESTER :** is organized around an intrapreneurial project: you will gain knowledge in the most advanced topics in management and you will apply this knowledge to develop an innovative project within an existing organization.

#### MASTER 2 (SPECIALIZATION)

The second year of the master is in line with the previous year and embodies your professional project as you now have all the keys in hand to prepare your entry into the work place.

The objective is to develop your training by choosing a specialization path that matches your future goal. The common core (strategy, intercultural management, leadership, change management...) will make the most of a simulation in the form of Business Game while your specialization will represent 2/3 of the total hourly volume.

#### **SPECIALIZATION COURSES:**

- International Development
- Sustainable Tourism

## **TESTIMONIAL**

"I chose Brest Business School for two reasons – the high teaching standards and the opportunities the school offers. I enjoyed my studies a lot. I got along well with my classmates, who were from all over the world. During my academic studies, I found the tutors very helpful. There were numerous resources available such as international and career advices. The school's library has vast access to thousands of online journals, articles, monographs, and free books to support learning."
