BORDEAUX EXPERIENCE: Mante VALOTKAITE, Sales & Event Manager at Relais & Châteaux Stikliai Hotel - Vilnius, Lituanie (Alumni 2017)

“I chose to pursue my MBA degree at Vatel Bordeaux for its international recognition as one of the best Hospitality management schools in the world and because its study program offered a perfect combination of theoretical knowledge and hands-on experience.

After obtaining my diploma and having started a career path in tourism & Hospitality, I can confidently say that my years at Vatel Bordeaux have equipped me with the knowledge and the skills that are necessary to become a valuable and successful professional.

Why should one choose to study at Vatel Bordeaux? For its competent teachers and lecturers who make the learning process relevant not only through theory but also with the help of case studies. This campus is a great place to experience what it means to live, work and study in the wine capital of the world (especially for those who are considering a career related to the wine industry!). I also really appreciated the school’s administrative staff. They were kind, caring and devoted to making their students’ overall study experience as smooth as possible. Thank you Vatel Bordeaux!”
