Helsinki

Hanken School of Economics, one of the oldest business schools in the Nordic countries, was established more than one hundred years ago. Today, Hanken is the only stand-alone business school in Finland. Our strategy includes profiling the School as a genuinely international and research-oriented business school with close ties to the corporate world. We offer academic programmes on all levels (BSc, MSc and PhD) at two locations, in Helsinki and Vaasa.

As a business school, Hanken has a solid foundation with international recognition reflected in our international accreditation, a sound financial basis, and valuable national and international networks that support our international top research and competitive education programmes. We value our academic and corporate partners and we make sure that researchers and students at Hanken get a first-class education while building meaningful professional and personal networks.

Areas of Strength, 2019-2023:

- Competition Economics and Service Strategy
- Financial Management, Accounting, and Governance
- Responsible Organising
- Leading for Growth and Wellbeing
